

Outro – Closing Reflection & Final Assignment

Final Reflection Activities

1. Reflect: What was the most valuable lesson you learned in this course?
2. Write down 3 ways you will apply your new knowledge in your facility.
3. Share your personal definition of what it means to be an 'Aquatic Manager Champion'.

Exercises

1. Write a short case study describing how you would handle a complex emergency scenario (e.g., multiple victims during a power outage).
2. Create a one-page poster motivating your staff about safety and leadership.

Final Assignment

Capstone Assignment (2–3 pages):

- Develop a comprehensive Aquatic Facility Action Plan that includes:
 - Facility rules and enforcement strategy
 - Supervision and emergency response plan
 - Risk management and inspection checklist
 - Staff training and leadership approach
- Submit your plan as your final demonstration of competency.
